The Emily Post Institute, the most trusted brand in etiquette, tackles the latest issues regarding how we interact along with classic etiquette and manners advice in this updated and gorgeously packaged edition. Today's world is in a state of constant change. But one thing remains year after year: the necessity for good etiquette. This 19th edition of Emily Post's Etiquette offers insight and wisdom on a variety of new topics and fresh advice on classic conundrums, including: Social media Living with neighbors Networking and job seeking Office issues Sports and recreation Entertaining at home and celebrations Weddings Invitations Loss, grieving, and condolences Table manners While they offer useful information on the practical—from table settings and introductions to thank-you notes and condolences—the Posts make it clear why good etiquette matters. Etiquette is a sensitive awareness of the feelings of others; they remind us. Ultimately, being considerate, respectful, and honest is what's really important in building positive relationships. "Please" and "thank you" do go a long way, and whether it's a handshake, a hug, or a friend request, it's the underlying sincerity and good intentions behind any action that matter most.

This practical and helpful volume details how clinicians can work through various common challenges in individual, couple, or group psychotherapy. Chapters draw upon clinical wisdom gleaned from the author's 48 years as a practicing psychiatrist to address topics such as using countertransference for therapeutic purposes; resistance, especially when it needs to be the focus of the therapy; and a prioritization of exploration over explanation. Along with theory and clinical observations, Dr. Gane offers a series of "Clinical Pearls," pithy comments that highlight different interventions to a wide range of clinical challenges. These include patient hostility, the abrupt and unilateral termination of therapy, the therapist's loss of compassionate neutrality when treating a couple, and many more. Many of the "Clinical Pearls" prioritize working in the here-and-now. In addition to offering advice and strategies for therapists, the book also addresses concerns like the matter of fees in private practice and the virtue of moral courage on the part of the therapist. Written with clarity, heart, and an abundance of clinical wisdom, Addressing Challenging Moments in Psychotherapy is essential reading for all clinicians, teachers, and supervisors of psychotherapy.

"This book offers an introduction to the philosophical issues of criminal justice ethics in a way suitable for students of criminology and criminal justice. It links philosophical concepts with empirical research in criminology and introduces criminal justice ethics, in the context of political and legal order"--

Welcome to the dreamlike pastel-colored world created by Meyoco. Discover all with Polaris, her first commercial work collection. Meyoco is an illustrator based in Southeast Asia who has gained popularity mainly on social media. Natural elements such as flowers, waves, leaves, stars, and bubbles are suddenly infused with a cute and lovely quality when Meyoco colors them in pastels. Meyoco's wonderfully dramlike illustrations have won her an increasing number of fans of her social media accounts; as of April 2020, the number of her followers has exceeded 1.22 million on Instagram and 270K on Twitter. This book contains about 240 illustrations that have been carefully chosen from those she has presented in her social media account. It also includes artworks that have been newly drawn for this book, along with some watercolor paintings from Meyoco's early published collections: doujinshi, "Foliage", "REVERIE" and "Bodies of Water". Meyoco also explains the concept of her artworks in her own words. These cute characters and motifs drawn in lovely colors are sure to appeal to people all over the world.

Meet Ezraah King. He's a first responder turned police officer. It was a courageous move being that his father hates cops. He grew up in the civil rights era and is disgusted by his son's choice. Although his friend Ivy Mitchell keeps blasting her shot louder than the Glock he carries on her hip, he doesn't know how many ways he can say he's not interested. His ex, Alysia, crawled into his life like unsuspecting cancer. From day one she manipulated her way to get close to him. His already paranoid nature was intensified by her deceitful act. He wasn't interested in trying his hand at love until Capria Malone. Capria Malone is just your around the way girl trying her hardest to get up out of Greenspoint so she can live the life she knows she deserves. Her only problem is that she can't shake Pierre-a toxic boyfriend of seven years that's like a noose around her neck. She understands the need to let him go but doesn't want to feel like she wasted seven years of her life for nothing. Hanging on to Pierre is causing her to bleed out. Can Ezraah be just the first responder she needs to resuscitate her back to life? Will Ivy just let Ezraah pursue the love that he wants, or will she suit up in her riot gear and go to war for what she wants?

With a Haynes manual, you can do it yourself...from simple maintenance to basic repairs. Haynes writes every book based on a complete teardown of the vehicle.
