We have shared the very important hand written Civil Engineering Notes subject wise PDF. Below we have shared the subject wise notes link for your reference. This notes are very useful for MCQs tests and other PSUs competitive tests.

[PDF] Very important Handwritten Civil Engineering notes ...

1. AIRPORT PLANNING AND DESIGN By Srinivas.
2. Introduction Airport Engineering encompasses the planning, design, and construction of terminals, runways, and navigation aids to provide for passenger and freight service. An airport is a facility where passengers connect from ground transportation to air transportation AIRFIELD is an area where an aircraft can land and take off, which may or may not be equipped with any navigational aids or markings.

Airport planning and Design - SlideShare
Step 1 The most important item in a airport planning is to estimate the future volume of air traffic. Peak hoar volumes of passenger cargo and mail are required for proper allocation of space in the terminal building and for determining the size of the building. Peak hour aircraft movements assist in the
