This article argues that racial segregation is crucial to explaining the emergence of the urban underclass during the 1970s. A strong interaction between rising rates of poverty and high levels of residential segregation explains where, why and in which groups the underclass arose. This argument is developed with simulations that replicate the economic conditions observed among blacks and whites in metropolitan areas during the 1970s but assume different conditions of racial and ...

American Apartheid: Segregation and the Making of the ...

American Apartheid shows how the black ghetto was created by whites during the first half of the twentieth century in order to isolate growing urban black populations. It goes on to show that, despite the Fair Housing Act of 1968, segregation is perpetuated today through an interlocking set of individual actions, institutional practices, and governmental policies.

American Apartheid: Segregation and the Making of the ...

The words of "American apartheid" have been used in reference to the disparity between white and black schools in America. Those who compare this inequality to apartheid frequently point to unequal funding for predominantly black schools.

Segregation was made law several times in 18th and 19th-century America as some believed that black and white people were incapable of coexisting. In the lead-up to the liberation of slaves under...

Segregation in the United States — HISTORY

Apartheid was a system of racial segregation laws that were legally enforced in South Africa from 1948 to 1991. Segregation, particularly in the US, was similar racial segregation laws in place to separate whites from those of different races. Segregation was observed in schools, public transport, parks, hotels, work, and in almost all aspects of public interaction.
