“ The newbie investor will not find a better guide to personal finance. ” —Burton Malkiel, author of A RANDOM WALK DOWN WALL STREET TV analysts and money managers would have you believe your finances are enormously complicated, and if you don ' t follow their guidance, you ' ll end up in the poorhouse. They ' re wrong. When University of Chicago professor Harold Pollack interviewed Helaine Olen, an award-winning financial

journalist and the author of the bestselling Pound Foolish, he made an offhand suggestion: everything you need to know about managing your money could fit on an index card. To prove his point, he grabbed a 4" x 6" card, scribbled down a list of rules, and posted a picture of the card online. The post went viral. Now, Pollack teams up with Olen to explain why the ten simple rules of the index card outperform more complicated financial strategies. Inside is an easy-to-follow action plan that works in good times and bad, giving you the tools, knowledge, and confidence to seize control of your financial life.

Check with the seller before completing your purchase. For undergraduate corporate finance courses. This ISBN is for the MyLab access card. Pearson eText is included. The five key principles for the foundations of finance Foundations of Finance retains its foundational approach to the key concepts of finance, bolstered by real-world vignettes, cases, and problem exercises. Utilizing five principles, which are presented at the beginning of the book and applied throughout, the authors introduce a multi-step approach to financial problem solving that appeals to students' (at all levels) math and numerical skills. As with previous editions, the 10th Edition focuses on valuation and opens every chapter with a vignette based on financial decisions faced by contemporary, real-world companies and firms. Revised and updated, the text features new lecture videos, financial thinking, user feedback, and changes inspired by the passage of the Tax Cuts and Jobs Act of 2017, so students are well equipped to effectively deal with financial problems in an ever-changing financial environment. Personalize learning with MyLab Finance By combining trusted author content with digital tools and a flexible platform, MyLab personalizes the learning experience and improves results for each student. For example, auto-graded Excel Projects give students the opportunity to use Microsoft Excel as a tool to solve business problems.
