properly lighted with a correctable light (light that could have been properly balanced to begin with), then I completely agree that conversion in post is the best way to go.

Better To Shoot in B&W Or Convert in Post?

The word photography comes from the ancient Greek words for “ light ” and “ drawing ” . With the presence of light being a rather important constituent in the making of a photograph, it is no wonder that low-light conditions are often a photographer ’ s nemesis.. While so many other lighting variables have an immense impact on your images – the quality, direction, color temperature, and ...
