Beaded Hope is the story of four women who embark on a mission trip to Africa. Each of them has reasons to be sorrowful, scared, or friendless. The trip is taken by all of them to escape from their current life for a few weeks. What they didn't expect was to find themselves in a land so foreign from their own.

Beaded Hope is a great story that's probably labeled as 'romance' yet is much, much more. It's a tear-jerker, an emotional rollercoaster, but it's also much, much more than that. It's a great story, a lot of emotional moments, some tight-throats, leaking eyes and warm, fuzzy feelings. But, again,...it's so much more than all that.

Ohio. Now a young Amish widow, Lydia Gruber faces an uncertain future. Her husband, a craftsman and volunteer firefighter, always took care of everything, keeping her isolated from others in their community. Without anyone or any skills, how will she survive? With the death of her beloved aunt Rose in the fire, single mom Jessica Holtz inherits Rose's Knit One Quilt Too cottage. Though determined to keep the shop open in her aunt's memory, she doesn't know the first thing about knitting and quilting and begins to see her aunt's dream slip through her fingers. When Liz Cannon lost her dear friend Rose, she also lost her partner in the Secret Stitches Society—the name they gave themselves while delivering gifts of hope to troubled folks in the dark of night. Liz convinces Jessica to keep the anonymous society going, despite the younger women's inadequacy with knitting and sewing needles. But soon

God, too. Resilient, Megan's heading up All-Stars Sports Day, an event for special needs kids like Sammy. But her planning meeting is hijacked when MacNeill Hattaway, former mega-star pitcher for the Tri-state Hawks, shows up - with a news crew, no less! Out for the season recovering from an injury, MacNeill hopes to heal physically and spiritually. He's also hoping his celebrity status might help with Megan's event. But that's only if he can get her to believe he's not up to a self-serving publicity stunt and isn't the womanizer he used to be. As the two unite for the kids' sakes, their hearts begin to meld. But without God's guidance, are they out of their league when it comes to long-lasting love?"--P. [4] of cover.

believed everything my daddy told me until I walked into Wal-Mart and saw my picture on a little poster . . .” For as long as she can remember, June Bug and her father have traveled the back roads of the country in their beat-up RV, spending many nights parked at Wal-Mart. One morning, as she walks past the greeter at the front of the store, her eyes are drawn to the pictures of missing children, where she is shocked to see herself. This discovery begins a quest for the truth about her father, the mother he rarely speaks about, and ultimately herself. But when her father’s past catches up with them, forces beyond his control draw them back to Dogwood, West Virginia, down a winding path that will change their lives forever.

Take the journey into the American west alongside nine women who are chasing their dreams—Cynthia, for security; Beryl, for a new family; Adeline, for freedom; Molly, for marriage; Beth, for a new start; Belinda, for a place to heal; Suzette, for adventure; Juliet, for peace; and Caroline, for a future for her children. Celebrate Christmas alongside these pioneers as love finds them in nine distinctly different romances penned by leading Christian fiction authors, including New York Times bestselling author Wanda E. Brunstetter.

Beginning with the germ theory of disease in the 19th century and extending through most of the 20th century, microbes were believed to live their lives as solitary, unicellular, disease-causing organisms . This perception stemmed from the focus of most investigators on

organisms that could be grown in the laboratory as cellular monocultures, often dispersed in liquid, and under ambient conditions of temperature, lighting, and humidity. Most such inquiries were designed to identify microbial pathogens by satisfying Koch's postulates.³ This pathogen-centric approach to the study of microorganisms produced a metaphorical "war" against these microbial invaders waged with antibiotic therapies, while simultaneously obscuring the dynamic relationships that exist among and between host organisms and their associated microorganisms—only a tiny fraction of which act as pathogens. Despite their obvious importance, very little is actually known about the processes and factors that influence the assembly, function, and stability of microbial communities. Gaining this knowledge will require a seismic shift away from the study of

On March 6 and 7, 2012, the Institute of Medicine's (IOM's) Forum on Microbial Threats hosted a public workshop to explore the emerging science of the "social biology" of microbial communities. Workshop presentations and discussions embraced a wide spectrum of topics, experimental systems, and theoretical perspectives representative of the current, multifaceted exploration of the microbial frontier. Participants discussed ecological, evolutionary, and genetic factors contributing to the assembly, function, and stability of microbial communities; how microbial communities adapt and respond to environmental stimuli; theoretical and experimental approaches to

Hope Hathaway doesn't distrust all men . . . just the ones who make promises to her like her no-good, cheating ex-husband did. Still, she's happy with life as a single mom in a small town-donning overalls every day, driving her son's school bus, and escaping into the world of Sela Theodore, the heroine of her romantic spy novels. Until, that is, Chandler Adams comes to stay next door. Chandler is gorgeous. The best-looking thing to drop into Bearsville since the

hunky Fed Ex guy's truck broke down there several years before. Even better, Chandler's got a sense of humor, too, telling her they have something in common-she writes spy thrillers and he's an international spy. But after a little snooping, Hope finds out he really is a spy. After a series of escapes and a growing fondness for Hope's son, Chandler finally decides he's a spy ready to come in from the cold to warm Hope's heart forever. But can he get Hope to trust his promise? To believe in love again? Or is it truly a mission impossible? Cathy Liggett lives with her husband, son and daughter in Loveland, Ohio.
