In this book Carver
Mead offers a

radically new
approach to the
standard problems of
electromagnetic
theory. Motivated by

Download File

PDF Collective

the belief that the goal of scientific research should be the simplification and unification of knowledge, he describes a new way of doing electrodynamics—collective electrodynamics—that does not rely on Maxwell's equations, but rather uses the quantum nature of

way of looking at

how electrons

interact, based on

experiments that tell

us about the

electrons directly. (As

Mead points out,

Maxwell had no

access to these

experiments.) The

results Mead derives

for standard

electromagnetic

problems are

Download File
