The Sandman, who has just walked out of the forest, tells the children that he loves them dearly, and that he has come to put them to sleep. He puts grains of sand into their eyes, and as he leaves they can barely keep their eyes open. Gretel reminds Hansel to say their evening prayer, and after they pray, they fall asleep on the forest floor.

Scroll below for a video of the score for trombone choir as played in Finale. This advanced arrangement requires the technical skills, range, and maturity of high school or college-level performers. After a short introduction, the melodic theme is introduced in Concert Key of Bb Major. Midway, it modulates to C Major, followed by a solemn, softening ending as the ballad comes to an end, and the child's sleep has been achieved. The work is arranged for a six-part trombone choir. There are also two trumpet parts that double the first and second trombones and a Horn part that doubles 3rd trombone. Also included are parts for tuba (doubling the bass trombone) and T.C. Baritone (doubling 5th trombone). This allows great programming flexibility for music teachers at any level. If you don't have an adequate number of capable trombonists, feature your brass section. The purchaser of this work is free to photocopy the parts for rehearsal and performance purposes. Never worry about lost or damaged parts again. Keep this copy in your files and enjoy it for years to come. It is a fun piece to prepare and perform, especially as you work to develop the sonorous sounds of your trombone players or brass section. Audiences will love it!

In Ticket to the Opera, Phil G. Goulding finally makes the magic and mystique of opera accessible to all. Here he offers a complete operatic education, including history, definitions of key musical terms, opera lore and gossip, portraits of famous singers and the roles they immortalized, as well as pithy introductions to the greatest operas of Europe and America and their composers. The book's centerpiece is what Goulding terms "the collection"--85 classics, among them Aida, The Marriage of Figaro, Carmen, and Madama Butterfly, that have been packing the world's opera houses for years. This entertaining, meticulously researched book also includes a fascinating chapter on American opera from George Gershwin's Porgy and Bess to Philip Glass's Einstein on the Beach and a discussion of the gems of twentieth-century opera featuring works like Leos Janáček's The Cunning Little Vixen, Alban Berg's Lulu, and Serge Prokofiev's The Love for Three Oranges. Whether you're a curious neophyte, a music lover interested in branching out, or an aficionado eager to compare notes with a brilliant fellow opera buff, you'll prize Ticket to the Opera as an essential volume in your music library.
