Bike Speed Sensor | Garmin Support
TIP: Garmin recommends you secure your bike
on a stand while installing the sensor. 1.
Select the band size that fits your crank arm
securely. The band you select should be the
Page 6/20

smallest one that stretches across the crank arm. 2. On the non-drive side, place and hold the flat side of the cadence sensor on the inside of the crank arm. 3. Pull the bands around the crank arm, and attach them to ...
