Over time, the world has been turning into a global scene in which various transformations have been made in respect to the way people, entities, institutions and governments carry on their transactions. As William Shakespeare put it all the world is

World Systems Theory and Contemporary Globalization ...

International education refers to a dynamic concept that involves a journey or movement of people, minds, or ideas across political and cultural frontiers. It is facilitated by the globalization phenomenon, which increasingly erases the constraints of geography on economic, social and cultural arrangements. The concept involves a broad range of learning, covering, for instance, formal education and informal learning. It could also involve a reorientation of academic outlook such as the pursuit o

International education - Wikipedia

Globalization is associated with a dramatic rise in international education. More and more students are seeking higher education in foreign countries and many international students now consider overseas study a stepping-stone to permanent residency within a country.
