famous songs. Reprint. 35,000 first printing.

When Johnny Cash died in September 2003, the world mourned the loss of the greatest country music star of all time. *I Walked the Line* is the life story of Vivian Cash, Johnny's first wife and the mother of his four daughters. It is a tale of long-kept secrets, lies revealed, betrayal and, at last, the truth. Johnny and Vivian were married for nearly fourteen years. These years spanned Johnny's military service in Germany, his earliest musical inclinations, their struggling newlywed years, Johnny's first record deal with Sun Records (alongside Elvis Presley), his astounding rise to stardom, and his well-known battles with pills and the law. Vivian decided that, near the end of her life and with backing from Johnny, she should tell the whole story, even the parts at odds with the iconic Cash family image such as Johnny's drug problems; Vivian's confrontation with June Carter about her affair with Johnny and, most sensationally, the Cash family secret of June's lifelong addiction to drugs and the events leading up to her death. Also revealed are unpublished love letters between the couple, family photographs and artefacts. *I Walked the Line* is a powerful memoir of joy and happiness, injustice and triumph and is an essential read for all Cash fans.

Supplemented by a never-before-published archive of love letters and family photos, *I Walked the Line* offers a deeper look at one of the most significant artists in music history. Here, fans and readers can experience the extraordinary account of love and heartbreak between Johnny and Vivian, and come to understand Vivian's dignified silence over the years. Through this elegant, revealing, and powerful memoir, Vivian Cash's voice is finally heard.

Full-tilt, hardcore, down-home, and groundbreaking, the women of country music speak volumes with every song. From Maybelle Carter to Dolly Parton, k.d. lang to Taylor Swift—these artists provided pivot points, truths, and doses of courage for women writers at every stage of their lives. Whether it's Rosanne Cash eulogizing June Carter Cash or a seventeen-year-old Taylor Swift considering the golden glimmer of another precocious superstar, Brenda Lee, it's the humanity beneath the music that resonates. Here are deeply personal essays from award-winning writers on femme fatales, feminists, groundbreakers, and truth tellers. Acclaimed historian Holly George Warren captures the spark of the rockabilly sensation

Wanda Jackson; Entertainment Weekly's Madison Vain considers Loretta Lynn's girl-power anthem "The Pill"; and rocker Grace Potter embraces Linda Ronstadt's unabashed visual and musical influence. Patty Griffin acts like a balm on a post-9/11 survivor on the run; Emmylou Harris offers a gateway through paralyzing grief; and Lucinda Williams proves that greatness is where you find it. Part history, part confessional, and part celebration of country, Americana, and bluegrass and the women who make them, *Woman Walk the Line* is a very personal collection of essays from some of America's most intriguing women writers. It speaks to the ways in which artists mark our lives at different ages and in various states of grace and imperfection—and ultimately how music transforms not just the person making it, but also the listener.

August is attending Cornell University as a creative writing major, and while at a college party that her friends dragged her to much to her dismay, she stumbles upon a gang in an alleyway and sees something she shouldn't have. With her life now in danger, she has to deal with the consequences of that night--which includes the leader of the Blue Porcelain gang, Willow, a tall and brooding woman whose magnetic green eyes would put the girl in more danger than being caught in a spiderweb of New York gangs ever could.

nothing unturned in this dark and sometimes funny excavation of the human heart.” —Minneapolis Star-Tribune “Fascinating, because of the cumulative power of the precise, pleasingly rhythmic sentences, and the unpredictable intelligence of the narrator’s mind.” —Guardian Struggling to cope with urban life—and life in general—Frankie, a twenty-something artist, retreats to her family’s rural house on “turbine hill,” vacant since her grandmother’s death three years earlier. It is in this space, surrounded by countryside and wild creatures, that she can finally grapple with the chain of events that led her here—her shaky mental health, her difficult time in art school—and maybe, just maybe, regain her footing in art and life. As Frankie picks up photography once more, closely examining the natural world around her, she reconsiders seminal works of art and their relevance. With “prose that makes sure we look and listen,”* Sara Baume has written an elegant novel that is as much an exploration of wildness, the art world, mental illness, and community as it is a profoundly beautiful and powerful meditation on life. *Atlantic “Baume’s writing is near-faultless.” —Financial Times “A novel of uniqueness, wonder, recognition, poignancy, truth-speaking, quiet power, strange beauty, and luminous bedazzlement.” — Joseph O’Connor

Jerry Lee Lewis to the remarkable creative last hurrah, at age 69, that resulted in the brave, moving “Hurt” video. As music critic for the Los Angeles Times, Hilburn knew Cash throughout his life: he was the only music journalist at the legendary Folsom Prison concert in 1968, and he interviewed both Cash and his wife June Carter just months before their deaths. Drawing upon a trove of never-before-seen material from the singer’s inner circle, Hilburn creates an utterly compelling, deeply human portrait of a towering figure in country music, a seminal influence in rock, and an icon of American popular culture. Hilburn's reporting shows the astonishing highs and deep lows that marked the journey of a man of great faith and humbling addiction who throughout his life strove to use his music to lift people's spirits. “Hilburn has written a brilliant story of an even more brilliant songwriter, warts and all.” —Keith Richards “The ultimate Johnny Cash biography . . . Rock writer great Robert Hilburn goes deep.” —Rolling Stone “Veteran music writer Hilburn . . . masterfully separates fiction from fact in an exhaustive, but never exhausting, biography of the legendary musician...The personal knowledge aided by extensive archival research and always compelling, accessible writing makes this an instant-classic music biography with something to offer all generations of listeners.” —Kirkus Reviews (starred review)

Robert Twigger, poet and travel author, was in search of a new way up England when he stumbled across the Great North Line. From Christchurch on the South Coast to Old Sarum to Stonehenge, to Avebury, to Notgrove barrow, to Meon Hill in the midlands, to Thor's Cave, to Arbor Low stone circle, to Mam Tor, to Ilkley in Yorkshire and its three stone circles and the Swastika Stone, to several forts and camps in Northumberland to Lindisfarne (plus about thirty more sites en route). A single dead straight line following 1 degree 50 West up Britain. No other north-south straight line goes through so many ancient sites of such significance. Was it just a suggestive coincidence or were they built intentionally? Twigger walks the line, which takes him through Birmingham, Halifax and Consett as well as Salisbury Plain, the Peak district, and the Yorkshire moors. With a planning schedule that

focused more on reading about shamanism and beat poetry than hardening his feet up, he sets off ever hopeful. He wild-camps along the way, living like a homeless bum, with a heart that starts stifled but ends up soaring with the beauty of life. He sleeps in a prehistoric cave, falls into a river, crosses a 'suicide viaduct' and gets told off by a farmer's wife for trespassing; but in this simple life he finds woven gold. He walks with others and he walks alone, ever alert to the incongruities of the edgelands he is journeying through.
