Thoughts on "My Life Inside tthe Jihad"

Inside the Jihad: My Life with Al Qaeda by Omar Nasiri. Lists with This Book. I'm not sure where to begin with this one: First, there was the incredibly nuanced picture it shows of fundamentalist Islam. On the issue of "Al Qaeda" and the use of the term, I do believe its useful to denote the broader network.

Between 1994 and 2000, Omar Nasiri worked as a secret agent for Europe's top foreign intelligence services-including France's DGSE (Direction Générale de la Sécurité Extérieure), and Britain's MI5 and MI6. From the netherworld of Islamist cells in Belgium, to the training camps of Afghanistan, to the radical mosques of London, he risked his life to defeat the emerging global network that the West would come to know as Al Qaeda. Now, for the first time, Nasiri shares the story of his life-a life balanced precariously between the world of Islamic jihadists and the spies who pursue them. As an Arab and a Muslim, he was able to infiltrate the rigidly controlled Afghan training camps, where he encountered men who would later be known as the most-wanted terrorists on earth: Ibn al-Sheikh al-Libi, Abu Zubayda, and Abu Khabab al-Masri. Sent back to Europe with instructions to form a sleeper cell, Nasiri became a conduit for messages going back and forth between Al Qaeda's top recruiter in Pakistan and London's radical cleric Abu Qatada.

From Europe's burgeoning terrorist underground, to the training camps of Afghanistan, to the radical mosques of London, this is a unique and chilling insider's story of the rise of Al Qaeda and the intelligence services that struggle to contain it. Between 1994 and 2000, Omar Nasiri worked as a secret agent for Europe's top foreign intelligence services -- including France's DGSE (Direction Gérale de la Sérítextérieur), and Britain's MI5 and MI6.

A detailed portrait of a complex man who fought on both sides,Inside the Jihad is a terrifying, suspenseful look at an organization that continues to be a global threat.

The Algerian Islamist Abdullah Anas, 'perhaps the greatest warrior of the Afghan Arabs', fought the Soviet Union for a decade. As one of the earliest Arabs to join the Afghan jihad, he counted as brothers-in-arms the future icons of Al-Qaeda's global war, from Abdullah Azzam to Osama bin Laden to Omar Abdel-Rahman, and befriended key Afghan jihadi figures such as Gulbuddin Hekmatyar and Ahmad Shah Massoud, the Lion of Panjshir. To the Mountains is an intimate portrait of this brutal war, tracing Anas's involvement in the conflict, as well as his experiences of the Algerian civil war (1992-8) and his sojourn in 'Londonistan'. Brushing shoulders with everyone from Abu Mus'ab al-Zarqawi to Jalaluddin Haqqani, Anas opted for his own independent route, seeking to persuade the Afghan Arabs that they should not be distracted by attacks on the West. Paradoxically, he remains committed to the broader Islamist movement, believing that jihad will continue till the end of time, yet has also spent years talking to the Taliban, seeking to build a lasting peace in Afghanistan. This is his story. Co-written with investigative journalist Tam Hussein, Anas's memoir will doubtless become a seminal primary source on the rise of global jihadism.

The true story of a jihadi convert seeking redemption in "a rollicking read and a rare insider's account of Western spying in the age of al Qaeda" (The New York Times Book Review). Standing over six feet tall with flaming red hair, Morten Storm was an unlikely jihadi. But after a troubled youth in his native Denmark, Storm found peace and purpose in his conversion to Islam. His absolute devotion only grew after he attended a militant madrasa in Yemen, named his son Osama, and became close friends with American-born terrorist cleric Anwar al-Awlaki. Then, after a decade of jihadi life, he not only rejected extremism—he began a quest for atonement, becoming a double agent for the CIA as well as British and Danish intelligence agencies. Agent Storm takes readers inside the fanatical jihadist mindset and into the shadows of the world's most powerful spy agencies in an action-packed account that "reads like a screenplay for a James Bond movie written by Joel and Ethan Coen" (The Washington Post).

A world-renowned professor of Islamic studies, Amina Wadud has long been at the forefront of what she calls the 'gender jihad,' the struggle for justice for women within the global Islamic community. In 2005, she made international headlines when she helped to promote new traditions by leading the Muslim Friday prayer in New York City, provoking a firestorm of media controversy and kindling charges of blasphemy among conservative Muslims worldwide. In this provocative book, "Inside the Gender Jihad", Wadud brings a wealth of experience from the trenches of the jihad to make a passionate argument for gender inclusiveness in the Muslim world. Knitting together scrupulous scholarship with lessons drawn from her own experiences as a woman, she explores the array of issues facing Muslim women today, including social status, education, sexuality, and leadership. A major contribution to the debate on women and Islam, Amina Wadud's vision for changing the status of women within Islam is both revolutionary and urgent.

This is the autobiography of Abdul Salam Zaeef, a senior former member of the Taliban. His memoirs, translated from Pashto, are more than just a personal account of his extraordinary life. My Life with the Taliban offers a counter-narrative to the standard accounts of Afghanistan since 1979. Zaeef describes growing up in rural poverty in Kandahar province. Both of his parents died at an early age, and the Russian invasion of 1979 forced him to flee to Pakistan. He started fighting the jihad in 1983, during which time he was associated with many major figures in the anti-Soviet resistance, including the current Taliban head Mullah Mohammad Omar. After the war Zaeef returned to a quiet life in a small village in Kandahar, but chaos soon overwhelmed Afghanistan as factional fighting erupted after the Russians pulled out. Disgusted by the lawlessness that ensued, Zaeef was one among the former mujahidin who were closely involved in the discussions that led to the emergence of the Taliban, in 1994. Zaeef then details his Taliban career as civil servant and minister who negotiated with foreign oil companies as well as with Afghanistan's own resistance leader, Ahmed Shah Massoud. Zaeef was ambassador to Pakistan at the time of the 9/11 attacks, and his account discusses the strange "phony war" period before the US-led intervention toppled the Taliban. In early 2002 Zaeef was handed over to American forces in Pakistan, notwithstanding his diplomatic status, and spent four and a half years in prison (including several years in Guantnamo) before being released without having been tried or charged with any offence. My Life with the Taliban offers a personal and privileged insight into the rural Pashtun village communities that are the Taliban's bedrock. It helps to explain what drives men like Zaeef to take up arms against the foreigners who are foolish enough to invade his homeland.

"The journalist who broke the "Jihadi John" story draws on her personal experience to bridge the gap between the Muslim world and the West and explain the rise of Islamic radicalism Souad Mekhennet has lived her entire life between worlds. The daughter of a Turkish mother and a Moroccan father, she was born and educated in Germany and has worked for several American newspapers. Since the 9/11 attacks she has reported stories among the most dangerous members of her religion; when she is told to come alone to an interview, she never knows what awaits at her destination. In this compelling and evocative book, Mekhennet seeks to answer the question, "What is in the minds of these young jihadists, and how can we understand and defuse it?" She has unique and exclusive access into the world of jihad and sometimes her reporting has put her life in danger. We accompany her from Germany to the heart of the Muslim world -- from the Middle East to North Africa, from Sunni Pakistan to Shia Iran, and the Turkish/ Syrian border region where ISIS is a daily presence. She then returns to Europe, first in London, where she uncovers the identity of the notorious ISIS executioner "Jihadi John," and then in Paris and Brussels, where terror has come to the heart of Western civilization. Too often we find ourselves unable to see the human stories behind the headlines, and so Mekhennet - with a foot in many different camps - is the ideal guide to take us where no Western reporter can go. Her story is a journey that changes her life and will have a deep impact on us as well"--

An anonymous member of the U.S. intelligence community argues that Islamists are not against democracy, but specific U.S. policies viewed as threatening to their lands and religion allow al Qaeda to continue to gain support.
