John Deere X320 User Manual – ManualMachine.com

John Deere's patented design cutterbar is made from individual, diagonal-cut modules. Serviceability is easy. Modules can be removed individually while leaving the cutterbar attached to the frame. Made of high-strength nodular-iron castings, each module consists of two idler gears and one drive gear. The large-diameter idler gears transmit power from module to module. The idler gears turn at a ...
