Few books are as innovative or interesting as David Almond 's Kit's Wilderness (published in 2000). A children's novel, the book is set in a made-up northeast English town and tells the story of young Kit Watson and his family who move back to the aforementioned town to care for Kit's ailing grandfather.

Kit has just moved to Stoneygate with his family, to live with his ageing grandfather who is gradually succumbing to Alzheimer's Disease. Stoneygate is an insular place, scarred by its mining history - by the danger and death it has brought them. Where the coal mine used to be there is now a wilderness. Here Kit meets Askew, a surly and threatening figure who masterminds the game called Death, a frightening ritual of hypnotism; and Kit makes friends with Allie, the clever school troublemaker. As Kit struggles to adjust to his new life and the gradual failing of his beloved grandfather, these two friendships pull him towards a terrifying resolution. Haunted by ghosts of the past, Kit must confront death and - ultimately - life. A stunning novel from the author of the modern children's classic Skellig - winner of the Carnegie Medal and the Whitbread Children's Book Award. David Almond is also winner of the 2010 Hans Christian Andersen award.

The Printz Award-winning classic gets a new look. Written in haunting, lyrical prose, *Kit's Wilderness* examines the bonds of family from one generation to the next, and explores how meaning and beauty can be revealed from the depths of darkness. The Watson family moves to Stoneygate, an old coal-mining town, to care for Kit's recently widowed grandfather. When Kit meets John Askew, another boy whose family has both worked and died in the mines, Askew invites Kit to join him in playing a game called Death. As Kit's grandfather tells him stories of the mine's past and the history of the Watson family, Askew takes Kit into the mines, where the boys look to find the childhood ghosts of their long-gone ancestors. There's an empty notebook lying on the table in the moonlight. It's been there for an age. I keep on saying that I'll write a journal. So I'll start right here, right now. I open the book and write the very first words: My name is Mina and I love the night. Then what shall I write? I can't just write that this happened then this happened then this happened to boring infinitum. I'll let my journal grow just like the mind does, just like a tree or a beast does, just like life does. Why should a book tell a tale in a dull straight line? And so Mina writes and writes in her notebook, and here is her journal, Mina's life in Mina's own words: her stories and dreams, experiences and thoughts, her scribblings and nonsense, poems and songs. Her vivid account of her vivid life. In this stunning book, David Almond revisits Mina before she has met Michael, before she has met Skellig. Shortlisted for the 2012 Carnegie Medal.

In the aftermath of the Haitian earthquake, 15-year-old Shorty, a poor gang member from the slums of Site Soleil, is trapped in the rubble of a ruined hospital, and as he grows weaker he has visions and memories of his life of violence, his lost twin sister, and of Toussaint L'Ouverture, who liberated Haiti from French rule in the 1804.

Joe Maloney is out of place in this world. His mother wants him to be a man, and he can't be that yet. His only friend, Stanny Mole, wants to teach him how to kill, and Joe can't learn that. Joe's mind is always somewhere else: on the weird creatures he sees in the distant sky, the songs he hears in the air around him, the vibrations of life he feels everywhere. Everybody laughs at Joe Maloney. And then a tattered circus comes to town, and a tiger comes for him. It leads him out into the night, and nothing in Joe Maloney's world is ever the same again. The transformative power of imagination and beauty flows through this story of a boy who walks where others wouldn't dare to go, a boy with the heart of a tiger, an unlikely hero who knows that sometimes the most important things are the most mysterious.
