Over the past decade, Canada has experienced considerable growth in labour migration. Moreover, temporary labour migration has replaced permanent immigration as the primary means by which people enter Canada. Utilizing the rhetoric of maintaining competitiveness, Canadian employers and the state have

practices are not just about migrants and minority groups becoming part of society but often also reflect deliberate attempts to undermine their inclusion or participation. This affects individual lives as well as social cohesion. The book highlights the variety of ways in which integration and disintegration are related to, and often

migrants pay to live and work abroad.  
Reducing the costs of international labour migration, specifically worker-paid costs for low-skilled employment, has become an important item on the global agenda over the last years and is particularly pertinent for the UN's Global Compact on Safe, Orderly and Regular Migration.
