Does a glass of ice water filled to the brim overflow when the ice melts? Does the energy inside a sauna increase when you heat it up? What's the best way to cool your coffee—adding the creamer first or last? These and other challenging puzzlers provide a fresh—and fun—approach to learning real physics. Presenting both classic and new problems, Brainteaser Physics challenges readers to use imagination and basic physics principles to find the answers. Göran Grimvall provides detailed and accessible explanations of the solutions, sometimes correcting the standard explanations, sometimes putting a new twist on them. He provides diagrams and equations where appropriate and ends each problem by discussing a specific concept or offering an extra challenge. With Brainteaser Physics, students and veteran physicists alike can sharpen their critical and creative thinking—and have fun at the same time.

Get ready for hours of fun and thinking outside the box with this great collection of lower difficulty riddles and silly illustrations for children. RIDDLES FOR KIDS BY KIDS is a book for children that will provide hours of fun, creative thinking, and laughter. This book will train kids to exercise their minds and think outside the box, while having a lot of fun at the same time. This book is perfect for reading with family and friends. The riddles and brain teasers in this book are appropriate for children of all ages, but parents will also get a kick out of the book as well. Riddles inside: Riddles for Kids What is yours, but others use it more than you do? People buy me to eat, but never eat me. What am I? What gets whiter the dirtier it gets? What's full of holes but still holds water? Riddles for Kids is the perfect book for any occasion! So do you think your family and friends have what it takes to answer all riddles and brain teasers together? Buy the book now!

A daily-problem format makes it easy to coach students quickly on the math skills they need for standardized tests. Includes reproducibles.

Readers of all ages will enjoy the challenge of discovering the answers to-or being stumped by-these interactive mysteries. In brief paragraphs and black-and-white illustrations, award-winning author Sandy Silverthorne and John Warner present 70 puzzles, each with a logical "aha" answer that requires thinking outside the box. Clues and answers are included in separate sections. Mystery: A man is looking at a clock that displays the correct time, but he doesn't know what time it is. Why not? Clues: The man can see and tell time perfectly well. The clock is normal and in plain sight. More than one clock is in the room. Solution: Each clock in the room is displaying a different time, so he doesn't know which one is correct. Hours of wholesome entertainment is practically guaranteed!

This classic Dr. Seuss Beginner Book features silly tongue twisters that will have readers of all ages giggling with glee. When a fox in socks meets Knox in a box, you know that hilarity will ensue. Add chicks with bricks (and blocks and clocks) and you're sure to get your words twisted and lips locked. With his unmistakable gift for rhyme, Dr. Seuss creates a hysterical and energetic way for beginning readers to dive into the joy of reading. This book comes with the following warning: "This is a book you READ ALOUD to find out just how smart your tongue is. The first time you read it, don't go fast! This Fox is a tricky fox. He'll try to get your tongue in trouble."

Originally created by Dr. Seuss, Beginner Books encourage children to read all by themselves, with simple words and illustrations that give clues to their meaning.
