This compelling book chronicles 75 of the most influential artists from the dawn of the 20th century to the present, and from around the world. Each entry provides a fascinating insight into the artist and his or her vision of what they were trying to do, while also acknowledging the lasting effect or impression of their work. Arranged in a broadly chronological order, the book gives a sense of the impact each artist has had on the development of art practice over the last 100 years. Key dates in each artists career are clearly drawn out in the accompanying timeline. Through a combination of lively text and arresting visuals, this is an inspirational and wholly original guide to some of the artists whose vision has helped to shape the modern art world.

**Living with Art - McGraw-Hill Education**

This is a treatise on what makes art art, told in graphic novel form. What is "Art"? It's widely accepted that art serves an important function in society. But the concept falls under such an absurdly large umbrella and can manifest in so many different ways. Art can be self indulgent, goofy, serious, altruistic, evil, or expressive, or any number of other things. But how can it truly make lasting, positive change? In Why Art?, acclaimed graphic novelist Eleanor Davis (How To Be Happy) unpacks some of these concepts in ways both critical and positive, in an attempt to illuminate the highest possible potential an artwork might hope to achieve. A work of art unto itself, Davis leaves her exploration with a sense of humor and a thirst for challenging preconceptions of art worth of Magritte, instantly drawing the reader in as a willing accomplice in her quest.
