Lock picking is the art of tricking a lock into believing that you are using that lock's correct key. Locks are extremely simple and senseless creatures that have but one fixed path of operation....

*How to Pick a Lock in 6 Easy Steps | The Manual*

Lock picking is the practice of unlocking a lock by manipulating the components of the lock device without the original key. Although lock-picking can be associated with criminal intent, it is an essential skill for the legitimate profession of locksmithing, and is also pursued by law-abiding citizens as a useful skill to learn, or simply as a hobby. In some countries, such as Japan, lock-picking tools are illegal for most people to possess, but in many others, they are available and legal to ow

Pick Like a Pro With a Little Practice. Posted by Taylor Banks on June 22, 2012. With just a little bit of lock pick practice, you could be picking some of the toughest locks in no time at all! As the old saying goes, practice makes perfect. Picking a lock doesn't mean that you are doing something wrong! You may get locked out of your own house and need a way to get back in; If a neighbor, family member or friend gets locked out of their house or room, you can be there to help them.

*Pick Like a Pro With a Little Practice – ACE Hackware*

The transparent lock is very easy to pick and took about 60s for this complete beginner to crack but it does show you how a padlock works inside. I also cracked a proper Yale padlock which took about 5 mins of wiggling the first time. But one of the picks snapped off inside the lock on subsequent practice attempts which ruined the lock.
