As a satire on the future of our 'connected' society, Love Minus Eighty by Will McIntosh seems extraordinarily prescient and quite diabolical. Wearable computers not only clothe people, but provide an instantaneous and fully-immersive link to a digital realm mediated by one's peers.

Goodreads

The only complaint to be leveled at Love Minus Eighty is a feeling that things were rushed at the end. At a little over 400 pages, there is adequate space to tell an involved, fully-realized story and Will McIntosh does this, leaving the reader with a good deal of closure. There is no feeling of being cheated at the end.

Love Minus Eighty | IndieBound.org

Out of all of McIntosh's novels, Love Minus Eighty is the one that can most be called social science fiction: the book depicts advanced time and technology without moral and cultural advancement. The result is that he takes current social and ethical problems around dating and social media, make them even larger than life, and see what shakes out.

Book review of Love Minus Eighty by Will McIntosh

Love Minus Eighty follows several interconnected people in a disquieting vision of romantic life in the century to come. There's Rob, who accidentally kills a jogger, then sacrifices all to visit her in a cryogenic dating facility, seeking forgiveness but instead falling in love.

interconnected people in a disquieting vision of romantic life in the century to come. There's Rob, who accidentally kills a jogger, then sacrifices all to visit Will McIntosh Presents "Love Minus Eighty" | Fountain Bookstore

In the future, love is complicated and death is not necessarily the end. Love Minus Eighty follows several interconnected people in a disquieting vision of romantic life in the century to come. There's Rob, who accidentally kills a jogger, then sacrifices all to visit her in a cryogenic dating facility, seeking forgiveness but instead falling in love. Veronika, a shy dating coach, finds herself coaching the very woman who is stealing the man she loves. And Mira, a gay woman accidentally placed in a heterosexual dating center near its inception, desperately seeks a way to reunite with her frozen partner as the years pass. In this daring and big-hearted novel based on the Hugo-winning short story, the lovelorn navigate a world in which technology has reached the outer limits of morality and romance.

A new epic of alien invasion and human resistance by Hugo Award-winning author Will McIntosh. The invaders came to claim earth as their own, overwhelming us with superior

Read Free Love Minus Eighty Will Mcintosh

weapons and the ability to read our minds like open books. Our only chance for survival was to engineer a new race of perfect soldiers to combat them. Seventeen feet tall, knowing and loving nothing but war, their minds closed to the aliens. But these saviors could never be our servants. And what is done cannot be undone.

We've always imagined the world coming to an end in spectacular, explosive fashion. But what if - instead - humanity is just destined to slowly crumble? For Jasper and his nomadic tribe, their former life as middle-class Americans seems like a distant memory. Their world took a turn for the worse - and then never got better. Resources are running out, jobs keep getting scarcer, and the fabric of society is slowly disintegrating But in the midst of this all, Jasper's just a guy trying to make ends meet, find a nice girl who won't screw him around, and keep his group safe on the violent streets. Soft Apocalypse follows the tribe's struggle to find a place for themselves and their children in the dangerous new place their world has become.

Thirteen-year-old twins Vick and Tara have built an incredible machine--a loyal robotic watchdog named Daisy. But, when local crime boss Ms. Alba schemes to add Daisy to her robot army, Vick and Tara must go to great lengths to protect their prized pet. Because

Read Free Love Minus Eighty Will McIntosh

Daisy is more than just any robot--she's their constant protector, and together the three make a great team. Vick and Tara are determined to stop the mob from tearing their little family apart. And they might just succeed! Sure, the evil Ms. Alba has more robot watchdogs, but none are as smart--or as faithful--as their Daisy. Plus, if things get too dangerous, Tara could always upgrade their pet. With her mechanical skills, she could make Daisy bigger, stronger, and a lot more intimidating! A Junior Library Guild Selection A 2019-2020 Texas Bluebonnet Award Master List Selection "Engaging, suspenseful, and with nearly all the vivid fighting confined to robots, this gritty tale is perfect for a younger audience than most post-apocalyptic stories." --Kirkus Reviews "This compelling drama with cool tech themes and bad guys getting their comeuppance is a winner." --SLJ

For fans of *The Maze Runner* and *The Fifth Wave*, this debut YA novel from Hugo Award winner Will McIntosh pits four underprivileged teens against an evil billionaire in the race of a lifetime. No one knows where the brilliant-colored spheres came from. One day they were just there, hidden all over the earth like huge gemstones. Burn a pair and they make you a little better: an inch taller, skilled at math, better-looking. The rarer the sphere, the greater the improvement--and the more

Read Free Love Minus Eighty Will McIntosh

expensive the sphere. Sully is a sphere dealer at a flea market. It doesn't pay much—Alex Holliday's stores have muscled out most of the independent sellers—but it helps him and his mom make the rent. When Sully meets Hunter, a girl with a natural talent for finding spheres, the two start searching together. One day they find a Gold—a color no one has ever seen. There's no question the Gold is priceless, but what does it actually do? None of them is aware of it yet, but the fate of the world rests on this little golden orb. Because all the world fights over the spheres, but no one knows where they come from, what their powers are, or why they're here. PRAISE: "Burning Midnight is for (1) adrenaline junkies and gamers, (2) obsessive collectors, and (3) people who can't get enough of crazy endings. I'm all of these things, and I loved it." —Margaret Stohl, New York Times bestselling author of *Black Widow: Forever Red* and coauthor of the internationally bestselling *Beautiful Creatures* series

In this terrifyingly timely tale for fans of *The Eye of Minds*, a teen and his group of friends find themselves on the run after using a genius lie-detector contraption to expose their corrupt government. In a Putin-esque near-future America, the gifted and talented high school has just been eliminated, and Sam and his friends have been using their unexpected free time to work on a

Read Free Love Minus Eighty Will McIntosh

tiny, undetectable, utterly reliable lie detector. They're all in it for the money--except Theo, their visionary. For Theo, it's about creating a better world. A BS-free world, where no one can lie, and the honest will thrive. Just when they finish the prototype and turn down an offer to sell their brainchild to a huge corporation, Theo is found dead. Greedy companies, corrupt privatized police, and even the president herself will stop at nothing to steal the Truth App. Sam sets his sights on exposing all lies and holding everyone accountable. But he and his friends quickly realize the costs of a BS-free world: the lives of loved ones, and political and economic stability. They now face a difficult question: Is the world capable of operating without lies, or are lies what hold it together? "Deserving of comparisons to The Hunger Games." --Kirkus "This compelling, action-packed story will have readers eagerly turning pages...Give to fans of Cory Doctorow's Little Brother." --SLJ "The action is nonstop from beginning to end..a BS-free way to present a deep and fundamental question." --Booklist

An act of terrorism has unleashed anthrax on the city of Atlanta, killing hundreds of thousands. The young illustrator Finn Darby managed to survive the attack, whilst many of his friends weren't so lucky. But soon afterwards, Finn develops a disturbing affliction - when he starts to blurt things

out in a strange voice beyond his control. Countless other residents of Atlanta are experiencing a similar bizarre problem. Either all of Atlanta is suffering from a total psychological breakdown, or else the dead are returning to possess the living . . . Moving, chilling and thoroughly gripping, Hitchers is a tale about a world in crisis - and about the dead not being ready to stay that way.

Mars Xi can kill you with her mind, but she'll need more than psychic powers to save her in Killing Gravity, the thrilling science fiction space adventure debut by Corey J. White. Before she escaped in a bloody coup, MEPHISTO transformed Mariam Xi into a deadly voidwitch. Their training left her with terrifying capabilities, a fierce sense of independence, a deficit of trust, and an experimental pet named Seven. She's spent her life on the run, but the boogeymen from her past are catching up with her. An encounter with a bounty hunter has left her hanging helpless in a dying spaceship, dependent on the mercy of strangers. Penned in on all sides, Mariam chases rumors to find the one who sold her out. To discover the truth and defeat her pursuers, she'll have to stare into the abyss and find the secrets of her past, her future, and her terrifying potential. without Digital Rights Management Software (DRM) applied.

A dystopian novel for the digital age, *The Word Exchange* offers an inventive, suspenseful, and decidedly original vision of the dangers of technology and of the enduring power of the printed word. In the not-so-distant future, the forecasted “death of print” has become a reality. Bookstores, libraries, newspapers, and magazines are things of the past, and we spend our time glued to handheld devices called Memes that not only keep us in constant communication but also have become so intuitive that they hail us cabs before we leave our offices, order takeout at the first growl of a hungry stomach, and even create and sell language itself in a marketplace called the Word Exchange. Anana Johnson works with her father, Doug, at the North American Dictionary of the English Language (NADEL), where Doug is hard at work on the last edition that will ever be printed. Doug is a staunchly anti-Meme, anti-tech intellectual who fondly remembers the days when people used email (everything now is text or videoconference) to communicate—or even actually spoke to one another, for that matter. One evening, Doug disappears from the NADEL offices, leaving a single written clue: ALICE. It’s a code word he devised to signal if he ever fell into harm’s way. And thus begins Anana’s journey down the proverbial

Read Free Love Minus Eighty Will McIntosh

rabbit hole . . . Joined by Bart, her bookish NADEL colleague, Anana's search for Doug will take her into dark basements and subterranean passageways; the stacks and reading rooms of the Mercantile Library; and secret meetings of the underground resistance, the Diachronic Society. As Anana penetrates the mystery of her father's disappearance and a pandemic of decaying language called "word flu" spreads, The Word Exchange becomes a cautionary tale that is at once a technological thriller and a meditation on the high cultural costs of digital technology.

An NPR BEST BOOK OF THE YEAR An AMAZON BEST CHILDREN'S BOOK OF 2020 Nnedi Okorafor's acclaimed first novel for middle grade readers introduces a boy who can access super powers with the help of the magical Ikenga. Nnamdi's father was a good chief of police, perhaps the best Kalaria had ever had. He was determined to root out the criminals that had invaded the town. But then he was murdered, and most people believed the Chief of Chiefs, most powerful of the criminals, was responsible. Nnamdi has vowed to avenge his father, but he wonders what a twelve-year-old boy can do. Until a mysterious nighttime meeting, the gift of a magical object that enables super powers, and a charge to use those powers for good changes his life forever. How can he fulfill his mission? How will he learn to control his newfound powers? Award-winning Nnedi Okorafor, acclaimed for
