The Economic evaluation manual provides procedures to help approved organisations evaluate the economic efficiency of their investment proposals in line with the Transport Agency ' s Assessment Framework. The Economic evaluation manual ' s procedures sit within the investment policy framework we set out in the Transport Agency ' s Knowledge Base.

## Economic evaluation manual - NZ Transport Agency

The Economic evaluation manual (EEM) is the industry's standard for the economic evaluation of land transport activities for New Zealand. The EEM applies to business cases that commence before 31 August 2020. The EEM is superseded by the Monetised benefits and costs manual for the economic evaluation of business cases that commence on or after 31 August 2020.

## Evaluation

Economic evaluation is one of the tools available to help choose wisely from a range of alternatives and implement efficient resources. In general, economists prefer the widest possible societal perspective: general questions about the use of scarce resources and societal well-being.
