added scintillation of having been composed by its subject." The Fix "The most original and illuminating addiction memoir since Thomas De Quincey's seminal Confessions of an Opium Eater ...[an] electrifying debut." Midwest Book Review "A powerful survey recounting the author's ...

Memoirs of an Addicted Brain: A Neuroscientist Examines ... This is the estimable Dr. Marc Lewis, who's book "Memoirs of an Addicted Brain" is scheduled for US release tomorrow. I've had the good fortune to read an early copy of the manuscript and I find it brilliant both for Dr. Lewis's ability to capture the cavalier antics of his life as an active addict and at the same time explain the neuroscience behind that cavalier attitude. Suddenly addiction ...
