discover fascinating facts about Thomas, Nia, Bertie, Harold, and all their favorite Thomas & Friends characters in this sturdy board book with padded cover. In the early 1940s, a loving father crafted a small blue wooden train engine for his son, Christopher. The stories that this father, the Reverend W Awdry, made up to accompany the wonderful toy were first published in 1945 and became the basis for the Railway Series, a collection of books about Thomas the Tank Engine and his friends--and the rest is history. Thomas & Friends(TM) are now a big

extended family of engines and others on the Island of Sodor. They appear not only in books but also in television shows and movies, and as a wide variety of beautifully made toys. The adventures of Thomas and his friends, which are always, ultimately, about friendship, have delighted generations of train-loving boys and girls for more than 70 years and will continue to do so for generations to come.

They said she was like the wind, that the white "map" on her shoulders was her mark of freedom. Paul and Maureen Beebe had their hearts set on owning her. They were itching to buy and tame her, and worked hard to earn the money that she would cost. But the roundup men had tried to capture her and for two years she had escaped them.... Pony Penning Day holds a surprise for everyone, for Paul not only brings in the Phantom, but her newborn colt as well. Can Paul and Maureen possibly earn enough to buy them both?
