Bikies consider themselves 'the last free people in society'; unrestricted by the laws that rule ordinary citizens. Yet they have strict joining rules and jealously guard their privacy. The twenty-first century has seen bikie culture move from secretive disorganised crime to far more threatening organised criminal activities that led to the death of a Hells Angel's associate at Sydney airport in 2009, and the gang-style killings that preceded it. Arthur Veno's account of bikie culture is as close to firsthand as is ever likely to be published. Australia's leading bikie expert, Veno reveals the true picture of the brotherhoods. Drawing on in-depth interviews, personal stories and years of meticulous research, he explains the rules and rituals of the clubs, tells of landmark incidents and profiles some famous bikies. In this fully revised edition of *The Brotherhoods* he outlines the rise of the so-called Nike bikies whose drugs and turf wars threaten to spill onto our streets, and the attempts by governments to introduce controversial laws to control the violence. *The Brotherhoods* is the definitive account of bikie culture in Australia.

This visually magnificent book unveils the alluring world of uncommon botanicals, including a prickly cactus that played a storied role in the founding of an ancient city, a tiny pink mushroom that glows green in the dark, and a magnificent blue cactus with rows of golden spines. Celebrated paper designer Kate Alarcón reveals the rich histories and unique characteristics behind 30 remarkable plants alongside instructions for crafting stunning paper versions of each one. These eye-catching creations make perfect wedding centerpieces, beautiful arrangements (that never wilt!) to brighten a home, and cheerful gifts for any occasion. Brimming with fascinating botanical trivia, vivid photography, and essential design techniques, this is a breathtaking resource for flower lovers, crafters, and anyone fascinated by the mysteries of the natural world.
