Embrace a simpler approach to stitching with bold one- and two-color embroidery motifs Zakka Embroidery presents designs that are an elegant blend of Japanese and Scandinavian style. The motifs and patterns are spare and graphic, yet softened with organic shapes and imagery drawn from nature. The result is embroidery that evokes a personal feel and conjures a sense of nostalgia. The task of picking just the right palette for an embroidery project can be overwhelming to beginners and experienced stitchers alike. But when you take away that challenge, a whole world of texture and style becomes available. Here Japanese designer Yumiko Higuchi presents embroidery motifs to be stitched using just one or two colors—creating patterns and designs that are more evocative for their form than for a play of colors. Each embroidery design is paired with a simple craft project, transforming the stitched fabric into a functional object, including pouches, pillows, aprons, and more. With beautiful photographs, clear step-by-step instructions, and detailed diagrams, Zakka Embroidery will be an inspiring guide for those new to embroidery and a delightful experience for those experienced with needle and thread.

Suitable for beginners and experienced crystal workers alike, this book focuses on practical ways in which personal space can be cleared and energized, and the earth healed. It includes healing grids and exercises based on 30 Earth blessing crystals, which range from the easily available to the more unusual. We can see, from the floods, earthquakes, tsunamis, volcanic eruptions and pollution disasters, that our earth is disturbed. However, the earth herself has given us tools that assist in stabilizing the situation and which teach us how to turn our thoughts and actions towards positive healing for the planet. The five chapters within the book show you how to keep your own energy field as clear as possible to be a pure channel for healing, as well as how to undertake environmental and planetary healing. There is a directory of the healing properties of each of the 30 crystals featured in the book.

Portrays the troubled life of Maddy Dow, the eldest child of an outwardly respectable family and the primary victim of her abusive father's physical savagery

Matsuo Basho (1644-94) is considered Japan's greatest haiku poet. *Narrow Road to the Interior* (*Oku no Hosomichi*) is his masterpiece. Ostensibly a chronological account of the poet's five-month journey in 1689 into the deep country north and west of the old capital, Edo, the work is in fact artful and carefully sculpted, rich in literary and Zen allusion and filled with great insights and vital rhythms. In *Basho's Narrow Road: Spring and Autumn Passages*, poet and translator Hiroaki Sato presents the complete work in English and examines the threads of history, geography, philosophy, and literature that are woven into Basho's exposition. He details in particular the extent to which Basho relied on the community of writers with whom he traveled and joined in linked verse (*renga*) poetry sessions, an example of which, *A Farewell Gift to Sora*, is included in this volume. In explaining how and why Basho made the literary choices he did, Sato shows how the poet was able to transform his passing observations into words that resonate across time and culture.

Stone shows how shared meanings can be learnt and expressed between autistic and non-autistic individuals, though they experience different perceptions of reality. She presents ways of creating autistic-friendly environments, modifying traditional responses to autistic behaviour and using literal learning, providing useful examples and exercises.

The wildly inventive debut collection of stories by the Oscar-nominated star of *The Social Network*. “Hilarious . . . It ’ s a hoot ” (*People, The Best New Books*). Jesse Eisenberg, known for his iconic film roles, his regular pieces in the *New Yorker* and two critically acclaimed plays, proves himself “ a deeply original comic voice ” in these 28 stories “ about the funniness, sadness, and strangeness of everyday life and they really made me laugh ” (*Roz Chast*). Moving from contemporary LA to the dorm rooms of an American college to ancient Pompeii, Eisenberg throws the reader into a universe of social misfits, reimagined scenes from history, and ridiculous overreactions; a college freshman forced to live with a roommate is stunned when one of her ramen packets goes missing ( “ She didn ’ t have ‘ one ’ of my ramens. She had a chicken ramen. ” ); Alexander Graham Bell has teething problems with his invention ( “ I ’ ve been calling Mabel all day, she doesn ’ t pick up! Yes, of course I dialed the right number—2! ” ); and in the title story, a precocious and privileged nine-year-old boy finds himself in the uncomfortable position as an amateur restaurant critic. Featuring illustrations by award-winning cartoonist Jean Jillian, this “ alphabet soup of sketches, riffs, and innovations ” (*Seattle Times*) explores the various insanities of the modern world, “ playfully bringing both familiar and wholly original scenarios to life ” (*Marie Claire*). Cliff Richard has been Britain ’ s longest surviving and most consistent hit music maker. Starting his career as a rock ’ n ’ roll threat to decent, upstanding citizens, he is now a friend to Royalty and prime ministers, a Knight, and a holder of the OBE. This book tells his story chronologically, through the voices of his friends, family, and colleagues including songwriters, film directors, managers, and agents—like listening in on a dinner party attended by most of the key people in his career. The stories reveal Cliff as seen by those closest to him and, in contrast to the many official publications, this book does not just include the flattering stories. The author ’ s probing questions have elicited extraordinary memories and observations, previously unheard by the public. Heavily illustrated with rare and interesting photographs of Cliff at work and play, this unique oral history will stand as a lasting testament to one of the most glorious careers in British show business.
