"Only What We Could Carry gathers together the voices of interment--private, personal stories that could have been lost, but will now be heard and felt. It's as if we have a seat at a family dinner, listening to stories passed down from one generation to another, feeling the pain and the spirit of hope."--David Mas Masumoto, author of Harvest Son: Planting Roots in American Soil

Magnetically written by former CEO of a North Carolina Girl Scout Council and award winning CEO for the Western New York chapter of a national arts-in-education organization, this uniquely engaging travel journal describes four keys to unlocking personal and spiritual fulfillment: solitude, introspection, courage, and commitment. Through a series of compelling travel essays and deeply thoughtful memoirs, Janice Booth draws readers into each adventure—ranging from a solo hike through Northern California to galloping across the fields of Ireland to a short stint with the Circus Arts learning the flying trapeze—and shares her secrets to a fuller life through traveling alone. Step by step, she demonstrates why leaving everything—and everyone—behind for a few days (or more!) is the best path to inner strength, confidence, and true self-knowledge.

A classic work of American literature that has not stopped changing minds and lives since it burst onto the literary scene, *The Things They Carried* is a ground-breaking meditation on war, memory, imagination, and the redemptive power of storytelling. *The Things They Carried* depicts the men of Alpha Company: Jimmy Cross, Henry Dobbins, Rat Kiley, Mitchell Sanders, Norman Bowker, Kiowa, and the character Tim O'Brien, who has survived his tour in Vietnam to become a father and writer at the age of forty-three. Taught everywhere—from high school classrooms to graduate seminars in creative writing—it has become required reading for any American and continues to challenge readers in their perceptions of fact and fiction, war and peace, courage and fear and longing. *The Things They Carried* won France's prestigious Prix du Meilleur Livre Etranger and the Chicago Tribune Heartland Prize; it was also a finalist for the Pulitzer Prize and the National Book Critics Circle Award.

The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

Although two boys grow up in vastly different times and locations, their lives intersect in more ways than one as they discover compassion, develop loyalty and find renewal in the most surprising of places. By the creator of *Blindspot*. Original.

[a] bold reflection on American history, African American resilience, and the human capacity for love and perseverance in the face of soul-crushing madness."—*The Washington Post* "A history told with brilliance and tenderness and fearlessness."—Jill Lepore, author of *These Truths: A History of the United States* In 1850s South Carolina, an enslaved woman named Rose faced a crisis, the imminent sale of her daughter Ashley. Thinking quickly, she packed a cotton bag with a few precious items as a token of love and to try to ensure Ashley's survival. Soon after, the nine-year-old girl was separated from her mother and sold. Decades later, Ashley's granddaughter Ruth embroidered this family history on the bag in spare yet haunting language—including Rose's wish that "It be filled with my Love always." Ruth's sewn words, the reason we remember Ashley's sack today, evoke a sweeping family story of loss and of love passed down through generations. Now, in this illuminating, deeply moving book inspired by Rose's gift to Ashley, historian Tiya Miles carefully unearths these women's faint presence in archival records to follow the paths of their lives—and the lives of so many women like them—to write a singular and revelatory history of the experience of slavery, and the uncertain freedom afterward, in the United States. The search to uncover this history is part of the story itself. For where the historical record falls short of capturing Rose's, Ashley's, and Ruth's full lives, Miles turns to objects and to art as equally important sources, assembling a chorus of women's and families' stories and critiquing the scant archives that for decades have overlooked so many. The contents of Ashley's sack—a tattered dress, handfuls of pecans, a braid of hair, "my Love always"—are eloquent evidence of the lives these women lived. As she follows Ashley's journey, Miles metaphorically unpacks the bag, deepening its emotional resonance and exploring the meanings and significance of everything it contained. *All That She Carried* is a poignant story of resilience and of love passed down through generations of women against steep odds. It honors the creativity and fierce resourcefulness of people who preserved family ties even when official systems refused to do so, and it serves as a visionary illustration of how to reconstruct and recount their stories today.
