In 2013 I was on social media one day and I stumbled across a link on a page which purported to discuss 'Faerie Witchcraft'. Clicking on it showed a convoluted and confusing hodge-podge of paragraphs that wandered between nonsensical and silly - calling the mid-winter holiday 'Nollaig' for example, which literally means Christmas in Irish, but implying ...

The human world and the Otherworld have always been intrinsically connected just as the beings within them are, but these connections have been strained in the Western world over the last millenia. Cultural and religious shifts have pushed the Other to the fringes and centred humanity in the world and in many spiritual frameworks. As we move into the 21st century the Othercrowd is pushing back, seeking a return to their place in things. Many witches are feeling this shift. Living Fairy is a look at ways to deepen your practice of fairy witchcraft by actively calling the Good Neighbours back, and connecting to them more experientially. It emphasizes older ways of relating to them within a modern framework, while acknowledging the good and the bad that comes with this work. There is also an emphasis on moving away from solar and lunar holy days into a system focused on the stars, which may perhaps be an older way to relate to both the fairies and our spirituality.

Poppets are dolls used for sympathetic magic, and are designed in the likeness of individuals in order to represent them in spells to help, heal or harm. The word poppet comes from the Middle Ages in England, originally meaning a small doll or child, and it is still in use today as a name of endearment. The term is older than the phrase 'voodoo doll'. Pagan Portals – Poppets and Magical Dolls explores the history of poppets and offers a practical guide to making and using them in modern witchcraft. It also covers seasonal dolls, from Brigid dolls, used in celebrations for the first stirrings of spring, to fairy dolls enjoyed in tree-dressing at Yuletide. Other topics covered include spirit dolls, ancestor dolls and dolls as representations of mythological beings and creatures from folklore. The newest book from Lucy Starza, author of Every Day Magic: A Pagan Book of Days.

On shadowed wings and in raven's call, meet the ancient Irish goddess of war, battle, prophecy, death, sovereignty, and magic. This book is an introduction to the Morrigan and several related goddesses who share the title, including Badb and Macha. It combines solid academic information with personal experience in a way that is intended to dispel the confusion that often surrounds who this goddess was and is. The Morrigan is as active in the world today as she ever was in the past but answering her call means answering the challenge of finding her history and myth in a sea of misinformation, supposition, and hard-to-find ancient texts. Here in one place, all of her basic information has been collected along with personal experiences and advice from a long-time priestess dedicated to a goddess who bears the title Morrigan.

Moon Magic is an introduction to working with the phases of the Moon, what they are and how to live in harmony with the lunar year and to utilize all the magical powers it provides. Pagan Portals - Raven Goddess follows on from the author's earlier book, The Morrigan, to help the reader continue to get to know the Irish Goddess of war, battle, and prophecy with a particular focus on disentangling truth from common misconceptions. As the Morrigan has grown in popularity, understandings of who she was and is have shifted and become even more nebulous. Raven Goddess is intended to clarify some common points of confusion and help people go deeper in their study of the Morrigan and assist in nurturing a devotional relationship to her.
