The most important objective of medical pharmacology is to train medical students in therapeutic
decision making according to specific clinical problems in individual patients.

Essentials of Medical Pharmacology 7th Edition PDF » Free ...
The text covers all aspects of medical pharmacology, including a comprehensive discussion of the
clinically important features of pharmacokinetics. It also provides a detailed treatment of topics that
are often given less attention in similar texts, such as drug abuse and dependence, behavioral
pharmacology, drug interactions, neonatal and geriatric pharmacology, and new drug development.
