Discover your psychic powers and learn to use the wonders of nature and the world around you as magical tools of divination. ? Practical and enjoyable exercises help readers reconnect with their innate psychic sensitivity. ? Includes 75 methods and practices of divination from around the world. In this fascinating and enlightening guide, historian and psychic Sarvananda Bluestone shows us how our innate knowledge can be rediscovered, allowing us to become far more in tune with our surroundings than we ever dreamed possible. Whether watching birds cross the morning sky or divining the subtle energies of the earth, you will see the world in an entirely new light. Filled with practical exercises, How to Read Signs and Omens in Everyday Life demonstrates how the discovery of the power within ourselves requires nothing more than a little guidance and a willingness to see.
