Orphaned and homeless in New York City at 14 years old in 2009, Carlo Juliano lived on the streets to survive until a local crime family boss, Johnny Toracio, gave him a job, his own place to live, and mentored him into a life as a gangster. For the next few years, Carlo flourished on the streets of New York befriending leaders of construction scams, art theft rings, drug cartels, biker gangs, extortion rackets, gambling, and cybercrime. In 2015, a series of events ignited a treacherous power struggle for control of New York City's underworld.

More and more sailors and powerboaters are buying and relying on electronic and electric devices aboard their boats, but few are aware of proper installation procedures or how to safely troubleshoot these devices if they go on the blink.

Detectives Jonah and Riley Pierce are back with a new case for Arcanum, and this one is full of surprises! Erin Grey, lead singer for the gothic metal band Grey's Valentine, has a stalker, and not just any stalker. He turns to Arcanum for help... and gets the shock of his life. With the help of another detective, Christian Knight, the Arcanum guys race to catch the stalker before Erin's biggest secret leads to his death.

The aim of this book, with its superb step by step photographs and detailed diagrams is to enable every owner to understand the workings of an outboard motor (2 or 4 stroke) and be able to fix it with relative ease. It includes: an explanation of the different parts that make up the engine and how they interact; how fuel is transformed into propulsion; regular maintenance and repair worksheets to help even the most mechanically ignorant to work on their outboard engine with confidence; the most common causes of breakdown; troubleshooting tables to allow you to diagnose and fix the most common engine problems and advice on how to winterize your outboard in one short afternoon. After reading this book, your outboard will no longer be a potential bother to you but an ally for better boating.
