Discover the remarkable life of Paul the Apostle...It is a verifiable fact that the Apostle Paul was one of the most prolific writers of the New Testament, making him one of the founders of the Christian religion that we know today. Although he came on the scene after Jesus Christ, it could be argued that Saint Paul played the second biggest role in the history of Christianity. This is rather fascinating considering the fact that he began his career as one of the biggest persecutors of the faith. Paul was a devout follower of Judaism and initially considered the Christians a heretical sect that needed to be stamped out. All of that changed when he made a trip to the ancient Syrian city of Damascus in the early first century. This book follows the life of Paul the Apostle and the ultimate transformation that he experienced. "Besides Jesus, no one has kept me from despair, or taken me deeper into the mysteries of the gospel, than the apostle Paul." —John Piper No one has had a greater impact on the world for eternal good than the apostle Paul—except Jesus himself. For John Piper, this impact is very personal. He does not just admire and trust Paul. He loves him. Piper gives us thirty glimpses into why his heart and mind respond this way. Can a Christian-killer really endure 195 lashes from a heart of love? Can a mystic who thinks he was caught up into heaven be a model of lucid rationality? Can an ethnocentric Jew write the most beautiful call to reconciliation? Can a person who lives with the unceasing anguish of empathy be always rejoicing? Can a man's description of the horrors of human sin be exceeded by his delight in human splendor? Can a man with a backbone of steel be as tender as a nursing mother? If we know this man—if we see what Piper sees—we too will love him. Paul's testimony is a matter of life and death. Piper invites you into his relationship with Paul in the hope that you will know life, forever.

"There are many introductions to the life, thought, and letters of Paul the apostle. Some concentrate upon his life, while others focus upon his thought, and still others on his letters. A few of them, like this book, try to integrate all three of them -- including on occasion material from the book of Acts -- into a useful portrait of the man and what he said and thought as revealed through his letters." - from preface.
