Millions of readers have followed this master of suspense into the shadowy world of Jason Bourne, an expert assassin haunted by the splintered nightmares of his former life—and the inspiration for a series of blockbuster films. Now, for the first time, all three of the gripping Bourne thrillers by Robert Ludlum are packaged together in one spellbinding eBook bundle: THE BOURNE IDENTITY “Ludlum stuffs more surprises into his novels than any other six-pack of thriller writers combined.”—The New York Times Meet Jason Bourne. His memory is a blank. His bullet-ridden body was fished from the Mediterranean Sea. His face has been altered by plastic surgery. A frame of microfilm has been surgically implanted in his hip. His real name is a mystery. Marked for death, he is racing for survival through a bizarre world of murderous conspirators, led by Carlos, the world’s most dangerous terrorist. Who is Jason Bourne? The answer may kill him. THE BOURNE SUPREMACY “Ludlum has never come up with a more head-spinning, spine-jolting, intricately mystifying, Armageddonish, in short Ludlunesque, thriller than this.”—Publishers Weekly Someone else has taken on the Bourne identity—a ruthless killer who must be stopped or the world will pay a devastating price. To succeed, the real Jason Bourne must maneuver through the dangerous labyrinth of international espionage—an exotic world filled with CIA plots, turncoat agents, and ever-shifting alliances—all the while hoping to find the truth behind his haunted memories and the answers to his own fragmented past. This time there are two Bournes—and one must die. THE BOURNE ULTIMATUM “Vintage Ludlum.”—The Plain Dealer At a small-town carnival, two men, each mysteriously summoned by a telegram signed “Jason Bourne,” witness a bizarre killing. Only they know Bourne’s true identity. They understand that the telegrams are really a message from Bourne’s mortal enemy, Carlos. Now one man must do something he hoped never to do again: Assume the terrible identity of Jason Bourne. His plan is simple: Use himself as bait to lure Carlos into a deadly trap—from which only one of them will escape.

Washington, Hong Kong and Peking - terror sweeps the globe. The Vice- Premier of the People's Republic has been brutally murdered by a legendary assassin, and everyone is asking the same fearful questions: why has Bourne come back? Who is paying him? Who is next on his death list? But US officials know the shocking truth: there is no Jason Bourne. There never was. But someone has resurrected the name, and if he is not stopped, the world will pay a devastating price. Jason Bourne must live again. He must utilise his murderous skills. But this time the will to survive is not enough. This time Bourne must reign supreme...

The man Jason Bourne fishes out of the freezing sea is near death, half-drowned and bleeding profusely from a gunshot wound. He awakens with no memory of who he is or why he was shot-and Bourne is eerily reminded of his own amnesia. Then Bourne discovers that the Mossad agent named Rebeka is so determined to find this injured man that she has gone off the grid, cut her ties to her agency, and is now being stalked by Mossad's most feared killer. Do the answers to these mysteries lie back in southeast Lebanon, in a secret encampment to which Bourne and Rebeka escaped following a firefight weeks ago? The complex trail links to the mission given to Treadstone directors Peter Marks and Soraya Moore: find the semi-mythic terrorist assassin known as Nicodemus. In the course of Bourne's desperate, deadly search for a secret that will alter the future of the entire world, he will experience both triumph and loss, and his life will never be the same. Now everything turns on the amnesiac. Bourne must learn his identity and purpose before both he and Rebeka are killed. From Stockholm to Washington, D.C., from Mexico City to Beijing, the web of lies and betrayals extends into a worldwide conspiracy of monumental proportions.

Jason Bourne returns to Georgetown University and the mild world of his alter ego, David Webb, hoping for normalcy. But after so many adrenaline-soaked years of risking his life, Bourne finds himself chafing under the quiet life of a linguistics professor. Aware of his frustrations, his academic mentor, Professor Spector, asks for help investigating the murder of a former student by a previously unknown Muslim extremist sect. The young man died carrying information about the group's terrorist activities, including an immediate plan to attack the United States. The organization, the Black Legion, and its lethal plot have also popped up on the radar of Central Intelligence, where new director Veronica Hart is struggling to assert her authority. Sensing an opportunity to take control of CI by showing Hart's incompetence, National Security Agency operatives plan to accomplish what CI never could-hunt down and kill Bourne. In Europe, Bourne's investigation into the Black Legion turns into one of the deadliest and most tangled operations of his double life-the pursuit of the leader of a murderous terrorist group with roots in the darkest days of World War II-all while an assassin as brilliant and damaged as himself is getting closer by the minute . . .
