The Craft of Gin explores the history of Gin production from its crude origins in medieval Europe to the finely honed spirits of twenty-first century craft distillers. The book describes how gin is made, the primary botanicals used in its production, tasting notes for fifty craft gins from around the world, and five interviews of leading craft gin distillers. The book is rounded out with two chapters dedicated to timeless gin cocktails, their background, how they are made and the best gins and ingredients that allows them to sing.

Craft Gin Making is a detailed guide to entering the world of gin production. For beginners and experienced producers alike, it offers key insights and practical advice on what you need to get started and how to progress in this fascinating and growing craft. It covers both distilling and cold compounding, providing advice on equipment and detailing step-by-step processes, whilst discussing a wide variety of gin production issues. Topics covered include a brief history of gin and gin making; the tools, equipment and ingredients needed for the different methods of producing gin; the most common methods and how to achieve success in them; the practicalities of filtration, bottling, sealing and labelling; making flavoured gins; why things might go wrong and how to correct them and, finally, the legal aspects of gin production.

Gin introduces the reader to the global artisan gin revolution, highlighting the spirit 's history and the ways that today 's craft drinks-makers have transformed the notion of what a gin can and should be. New Gins are hitting the market seemingly every day. This book will help the reader make sense of this rapid expansion, and contextualize them within gin 's illustrious history from the Renaissance apothecaries of Europe, to the streets of London, to the small local distilleries and cocktail bars of the United States, Canada, England, Spain, Australia and beyond. This is the first book to take a closer look at the emerging new categories of gin and to place it within context alongside the old guard. It includes profiles of key players in the distilling world and hundreds of ideas for how to drink gin — as a cocktail, in a classic gin & tonic or neat, as an aperitif or a liqueur.

In need of some gin-spiration? Look no further!

Craft Gin Making is a detailed guide to entering the world of gin production. For beginners and experienced producers alike, it offers key insights and practical advice on what you need to get started and how to progress in this fascinating and growing craft. It covers both distilling and cold compounding, providing advice on equipment and detailing step-by-step processes, whilst discussing a wide variety of gin production issues. The ultimate guide to today 's exciting gin revival with a nod to the spirit 's rich history, featuring a comprehensive review of gin distilleries, ingredients and accoutrements, distilling methods, cocktail recipes, international bar guide, and creative contributions from industry leaders. The Spirit of Gin is a comprehensive and entertaining illustrated guide to the classic spirit, with a sharp focus on the modern gin revival led by innovative craft-gin distillers, new ingredients and infusions, and growing interest in bars across the United States and overseas. The book details the colorful history of gin from its invention in eighteenth century London to today 's worldwide resurgence; provides detailed coverage of the methods, ingredients, and accoutrements of modern makers and purveyors; gives coverage to popular gin bars and classic cocktails with eclectic sidebars and interviews; and provides a complete catalog of commercial and craft distilleries worldwide.

This book is a backstage pass into the world of small-scale distilling of whiskies, gins, vodkas, brandies, and more. The reader, the ultimate spirits aficionado, will learn how water and grain are transformed into the full range exquisite, timeless liquors. There are few books available that explore the actual craft of distilling in such detail. Most of the other spirits books chronicle the historical side of the distilling world or focus on the flavors of various vintages. Our book will be the consummate insider's guide to distilling techniques. Bill Owens' original photography, the result of two cross-country road trips, offers comprehensive illustration of the microdistilling world.

Are you thinking about setting up your own gin distillery?
