The Encyclopedia Of Serial Killers

The encyclopedia itself is 306 pages.

The 307th is the appendixes, where it groups killers into either solo killers or team killers. From there it gives personal information on the killer, such as their age, race, motive, MO, disposition, etc. After these two sections, there is unresolved cases starting on page 455.

encyclopedic dictionary of murderers and the largest database about serial killers and mass murderers around the world.

~~Murderpedia, the encyclopedia of murderers~~

A serial killer is typically a person who murders three or more people, with the murders taking place over more than a month and including a significant period of time between them. The Federal Bureau of Investigation (FBI) defines serial killing as "a series of two or more murders, committed as separate events, usually, but not always, by one offender acting alone".
