In A Brief History of the World, you'll survey the expanse of human development and civilization across the globe. Over the course of 36 riveting lectures, you'll apprehend "the big picture" of world history from the invention of agriculture in the Neolithic era to the urbanized, technologically sophisticated world of the 21st century.

A Brief History of the World

When diplomats met to form the United Nations in 1945, one of the things they discussed was setting up a global health organization. WHO ' s Constitution came into force on 7 April 1948 — a date we now celebrate every year as World Health Day.

History - World Health Organization

The World Wide Web ("WWW" or "The Web") is a global information medium which users can access via computers connected to the Internet. The term is often mistakenly used as a synonym for the Internet itself, but the Web is a service that operates over the Internet, just as email and Usenet also do. The history of the Internet dates back significantly further than that of the World Wide Web.
