10 one-page CV templates for 2018 - CV Template Master

Ideally yes, it's generally better to create a one-page resume as employers generally scan resumes in seconds. However, depending on the type of job you're applying for, and your level of experience, a two-page resume can be more effective. The reason why a one-page resume is better in the majority of cases is that employers don't want to read long resumes.
