Simulation Lab Answers

# The Ramp Phet Simulation Lab Answers

Right here, we have countless book **the ramp phet simulation lab answers** and collections to check out. We additionally manage to pay for variant types and in addition to type of the books to browse. The standard book, fiction, history, novel, scientific research, as competently as various new sorts of books are readily clear here.

As this the ramp phet simulation lab answers, it ends stirring innate one of the favored ebook the ramp phet simulation lab answers collections that we have.

The Ramp (and Friction) PhET Simulation Lab Introduction:  
When an object is dragged across a horizontal surface, the force of friction that  $F_f$  must be overcome depends on the normal force as  $f$  and the normal force  $F_N$  is given by  $f = \mu \cdot F_N$ . When the surface becomes an inclined plane, the normal force changes and when the normal force changes, so does the friction. In this lab, you will change the ...

Ramp And Friction Phet

Simulation Lab Answers ...

Forces Virtual Lab: Go to You will be starting with a crate that has a mass of 100 kg and a coefficient

## Get Free The Ramp Phet Simulation Lab Answers

of sliding friction of 0.3 and a coefficient of static friction of 0.5

1. Draw the Free Body Diagram (a picture showing the forces on the crate) before you apply any force.
2. Add 10 N of applied force, and push the play button and record what happens.
