"To understand the history and spirit of America, one must know its wars, its laws, and its presidents. To really understand it, however, one must also know its cheeseburgers, its love songs, and its lawn ornaments. The long-awaited Guide to the United States Popular Culture provides a single-volume guide to the landscape of everyday life in the United States. Scholars, students, and researchers will find in it a valuable tool with which to fill in the gaps left by traditional history. All American readers will find in it, one entry at a time, the story of their

lives."--Robert Thompson, President, Popular Culture Association. "At long last popular culture may indeed be given its due within the humanities with the publication of The Guide to United States Popular Culture. With its nearly 1600 entries, it promises to be the most comprehensive single-volume source of information about popular culture. The range of subjects and diversity of opinions represented will make this an almost indispensable resource for humanities and popular culture scholars and enthusiasts alike."--Timothy E. Scheurer, President, American Culture Association "The popular culture of the United States is as free-wheeling and complex as the society it animates. To understand it, one needs assistance. Now that explanatory road map is provided in this Guide which charts the movements and people involved and provides a light at the end of the rainbow of dreams and expectations."--Marshall W. Fishwick, Past President, Popular Culture Association Features of The Guide to United States Popular Culture: 1,010 pages 1,600 entries 500 contributors Alphabetic entries Entries range from general topics (golf, film) to specific individuals, items, and events Articles are supplemented by bibliographies and cross references Comprehensive index

This book & CD features transcriptions and accompanying explanations from Dave's video of the same name. Topics include playing with a sequencer, pulse and groove, creating a drum part, playing accents or "hits," displacing the beat, odd-

time playing, developing a solo vocabulary, and more.

A guide to programs currently available on video in the areas of movies/entertainment, general interest/education, sports/recreation, fine arts, health/science, business/industry, children/juvenile, how-to/instruction.

Manuals

On this video, Dave offers invaluable insights into the fundamentals of drumming. Topics covered include hand and foot technique, practice routines, and drum kit set-up and approach. Includes several tunes from Contemporary Drummer + One. An excellent overview of drum skills for any level drummer. (72 min.)

A comprehensive method for developing technique, contemporary styles and rhythmical concepts. This is the first book that deals with the necessary drum techniques and practices for today's music. With this 93-page book and 90-minute recording comes an eight-page pull-out chart of additional exercises. An outstanding value!

A guide to programs currently available on video in the areas of movies/entertainment, general interest/education, sports/recreation, fine arts, health/science, business/industry, children/juvenile, how-to/instruction.

The title Snare Book tells its own tale: Jost Nickel's book is exclusively about snare exercises that will improve your hand technique and your general understanding of rhythm at the same time. Additionally, playing these exercises using different subdivisions and time signatures will further strengthen your rhythmic understanding and will make the exercises more interesting and less repetitive. "I usually don't enjoy exercises where I have to play the same thing over and over again." says Jost. "My mind wanders off, and I find it a lot harder to keep practicing because of the lack of variation. As much as I agree that practice is repetition, I also never want to get bored when I practice." Chapter 1 offers a wide range of great warm-up exercises that combine well-known stickings with accentuations, subdivisions, or time signatures that are unusual for these stickings. Additionally, you'll find ostinato exercises to strengthen your independence and interlocking exercises to improve your coordination. "My Snare Book is definitely not your typical rudiments book," adds Jost. "I am confident that the exercises in this book are enjoyable and useful because they offer variations on different levels that will keep you engaged. That makes it easier to play the many repetitions you need to get better." The other chapters take a very systematic approach where Jost takes you step by step through different exercises on double-stroke rolls, flams, multiple strokes, ruffs, inverted double-stroke rolls, paradiddles, and more. Once you have understood the book's conceptual approach, you'll be able to create your own exercises. Simply keep the concepts but change the content, either on your snare
