Tolkien's legendarium is the body of J. R. R. Tolkien's mythopoeic writing that forms the background to his The Lord of the Rings, a high fantasy novel which is widely considered to be his magnum opus. Tolkien began to develop his legendarium in poems, paintings and nomenclature by 1914, and composed the earliest drafts of its stories by 1916. He continued to work and re-work its components throughout his adult life, a period of more than 50 years. The "canonical" or mature form of Tolkien's nar

Tolkien explores the formative years of the orphaned author as he finds friendship, love and artistic inspiration among a group of fellow outcasts at school. This takes him into the outbreak of World War I, which threatens to tear the "fellowship" apart. All of these experiences would inspire Tolkien to write his famous Middle-Earth novels.

An introduction to the life and career of the "Father of High Fantasy."

The authorized biography of the creator of Middle-earth. In the decades since his death in September 1973, millions have read THE HOBBIT, THE LORD OF THE RINGS, and THE SILMARILLION and become fascinated about the very private man behind the books. Born in South Africa in January 1892, John Ronald Reuel Tolkien was orphaned in childhood and brought up in near-poverty. He served in the first World War, surviving the Battle of the Somme, where he lost many of the closest friends he'd ever had. After the war he returned to the academic life, achieving high repute as a scholar and university teacher, eventually becoming Merton Professor of English at Oxford where he was a close friend of C.S. Lewis and the other writers known as The Inklings. Then suddenly his life changed dramatically. One day while grading essay papers he found himself writing 'In a hole in the ground there lived a hobbit' -- and worldwide renown awaited him. Humphrey Carpenter was given unrestricted access to all Tolkien's papers, and interviewed his friends and family. From these sources he follows the long and painful process of creation that produced THE LORD OF THE RINGS and THE SILMARILLION and offers a wealth of information about the life and work of the twentieth century's most cherished author.

After discovering the true nature of the One Ring, Bilbo Baggins entrusts it to the care of his young cousin, Frodo, who is charged with bringing about its destruction and thus foiling the plans of the Dark Lord.

The Real JRR Tolkien: The Man Who Created Middle Earth is a comprehensive biography of the linguist and writer; taking the reader from his formative years of home-schooling, through the spires of Oxford, to his romance with his wife-to-be on the brink of war, and onwards into his phenomenal academic success and his creation of the seminal high fantasy world of Middle Earth. The Real JRR Tolkien delves into his influences, places, friendships, triumphs and tragedies, with particular emphasis on how his remarkable life and loves forged the worlds of The Hobbit and The Lord of the Rings. Using contemporary sources and comprehensive research, The Real JRR Tolkien offers a unique insight into the life and times of one of Britain's greatest authors, from cradle to grave to legacy.

The definitive Tolkien companion—an indispensable guide to The Hobbit, The Lord of the Rings, and more, from the author of The Road to Middle-earth. This " highly erudite celebration and exploration of Tolkien ’ s works [is] enormous fun, " declared the Houston Chronicle, and Tom Shippey, a prominent medievalist and scholar of fantasy, " deepens your understanding " without " making you forget your initial, purely instinctive response to Middle-earth and hobbits. " In a clear and accessible style, Shippey offers a new approach to Tolkien, to fantasy, and to the importance of language in literature. He breaks down The Lord of the Rings as a linguistic feast for the senses and as a response to the human instinct for myth. Elsewhere, he examines The Hobbit ’ s counterintuitive relationship to the heroic world of Middle-earth; demonstrates the significance of The Silmarillion to Tolkien ’ s canon; and takes an illuminating look at lesser-known works in connection with Tolkien ’ s life. Furthermore, he ties all these strands together in a continuing tradition that traces its roots back through Grimms ’ Fairy Tales to Beowulf. " Shippey ’ s commentary is the best so far in elucidating Tolkien ’ s lovely myth, " wrote Harper ’ s Magazine. J.R.R. Tolkien: Author of the Century is " a triumph " (Chicago Sun-Times) that not only gives readers a deeper understanding of Tolkien and his work, but also serves as an entertaining introduction to some of the most influential novels ever written.

Tales and legends chronicling the world's beginnings and the happenings of the First Age set the stage for Tolkien's other classic works and focus on the theft of the Elves' jewels by Morgoth, first dark Lord of Middle-earth. Reissue.

This collection will entertain all who appreciate the art of masterful letter writing. The Letters of J.R.R Tolkien sheds much light on Tolkien's creative genius and grand design for the creation of a whole new world: Middle-earth. Featuring a radically expanded index, this volume provides a valuable research tool for all fans wishing to trace the evolution of THE HOBBIT and THE LORD OF THE RINGS.

A captivating picture book biography of a boy who imagined a world full of dragons and grew up to be beloved author J. R. R. Tolkien. John Ronald loved dragons. He liked to imagine dragons when he was alone, and with his friends, and especially when life got hard or sad. After his mother died and he had to live with a cold-hearted aunt, he looked for dragons. He searched for them at his boarding school. And when he fought in a Great War, he felt as if terrible, destructive dragons were everywhere. But he never actually found one, until one day, when he was a grown man but still very much a boy at heart, when he decided to create one of his own. John Ronald's Dragons, a picture book biography by Caroline McAlister and illustrated by Eliza Wheeler, introduces the beloved creator of Middle Earth and author of The Hobbit and The Lord of the Rings to a new generation of children who see magic in the world around them.

" Long before Harry Potter and J. K. Rowling, there were Gandalf, Bilbo Baggins, and J. R. R. Tolkien . . . This will bring the creator to vivid life " (Booklist). A philologist of world renown, a professor at Oxford, and the author of academic treatises, J.R.R. Tolkien was far more than a fantasy book writer. His lifelong fascination with medieval texts and languages gave him a unique vision and endless inspiration for his tales. His broad interests made possible his creation of faery worlds and entire races of beings, as well as the languages, cultures, and characters that make his books as engaging today as they were fifty years ago. This clear and thoroughly researched biography of the creator of The Hobbit is accompanied by magical illustrations that recall the mystery of Tolkien ’ s imaginary worlds. " Give[s] some interesting insight into the power Tolkien ’ s work has had on people over the years. " —School Library Journal

Perfect for Tolkien enthusiasts of all shapes and sizes, this delightful and accessible biography brings the enigma behind The Lord of the Rings franchise to life Long before the successful The Lord of the Rings films, J.R.R. Tolkien ’ s creations, imagination, and characters had already captured the hearts and minds of millions of readers. But who was the man who dreamt up the intricate languages and perfectly crafted world of Middle-earth? Tolkien had a difficult life for many years— orphaned and poor, his guardian forbade him from communicating with the woman he had fallen in love with, and he also suffered through the horrors of World War I. An intensely private and brilliant scholar, he spent more than 50 years working on the languages, history, peoples, and geography of Middle-earth, with a consistent mythology and body of legends inspired by a formidable knowledge of early northern European history and culture. J.R.R. Tolkien became a legend by creating an imaginary world that has enthralled and delighted generations.
