Talk for Writing is an engaging teaching framework developed by Pie Corbett, supported by Julia Strong. It is powerful because it is based on the principles of how children learn. It enables children to imitate the language they need for a particular topic orally, before reading and analysing it, and then writing their own version.

When lessons required me to repeat the same dull action in my seat, such as writing spelling words over and over, I found myself fidgeting, spacing out, or drawing and writing other things. However, one benefit of my ADHD was the level of commitment and hyperfocus I could dedicate to something that caught my attention and interest.

and activities designed to help young learners advance the fine motor skills that are essential to the handwriting process, beginning by tracing lines and curves, and then gently introducing some letter-writing practice. Several mazes are also included in the book as a fun way to promote visual motor skills, eye-hand coordination, and problem-solving skills. Young students are introduced to the letters of the alphabet in exercises that have them trace Lowercase Alphabet and then practice writing them on their own. Numbers are also presented in an engaging way, with a lesson in phonetics as well as

A section of connect-the-dot games provides more motor skills development along with helping children learn the order of alphabet, while fill-in-the-blank games reinforce alphabet learning in a different way and provide more practice in writing the missing letters. My BIG Book of Writing! is a versatile tool that can help children who are struggling with writing skills to work at a comfortable level, as well as assisting those for whom writing comes more easily to experience the multitrack learning their developing minds are hungry to absorb.
